Using ten steps to wholeness, five for the body and five for the soul, Deepak reveals how you can change the distorted energy patterns that are the root cause of ageing, infirmity and disease. You will be guided through the keys that will unlock a new you.

- 1 - The Soul Shift:** You must stop seeing yourself in materialistic terms.
- 2 - Subtle Action:** Before the soul creates the physical body, it creates a subtle body entirely out of information and intelligence.
- 3 - Core Participation:** Once you have reconnected to your source, a revolution takes place, and spirit is resurrected in physical life.

Commit yourself to a deeper awareness, focus on your relationships, embrace every day as a new world and transcend the obstacles that afflict body and mind.
